

Invitation for
The 20th China Ferro-alloys International Conference

Date: 03 Mar. to 05 Mar. 2024

Venue: Jinzhou city, Liaoning Province, China

Language: English

Background of Conference

The 20th China Ferro-alloys International Conference, hosted by Ferro-Alloys.com, will be held on 03 March to 05 March, 2024 in Jinzhou City, Liaoning Province, China.

What is the conference?

China Ferroalloys International Conference is an annual event since 2004, hosted by Ferro-Alloys.com (FACOM)

China, the global ferroalloy powerhouse, is in the spotlight. Its manganese, silicon and chromium industries are now fueling the thriving new energy battery sector. Breakthroughs in technology and quality are transforming the landscape. Meanwhile, molybdenum, tungsten, niobium, vanadium, Titanium and other alloys maintain strong positions globally. While China reduces steel production, it champions the new energy frontier and advanced materials.

Jinzhou is the one of the important sources of ferro molybdenum and ferrotitanium in China, and has made special contributions to Moly Oxide, Ferro Moly, Titanium De-oxide, Ferro Titanium and titanium Sponge. Jinzhou City is not only the largest suppliers and buyers of Moly products and titanium products currently in China, but also Vanadium and Zirconium Noble alloys are rich in Jinzhou.

Why attend?

- √ China's most influential international ferroalloys conference, which has been successfully held for over 19 years.
- √ High-level event attended by governmental officials, senior academics and corporate executives in the international ferroalloy field.
- √ Rich variety of activities and arrangements with more than 30 high quality speeches, business networking, futures forum & commodity exhibition from Chinese and international market leaders.
- √ Gain a competitive edge with the latest insights into China's macroeconomy and a comprehensive analysis of over 10 ferroalloy products.
- √ Close to China's ferroalloys and new material origin and production bases, easy to get an intuitive understanding of products and technologies.
- √ Professional service team and one-to-one trade matching throughout.
- √ Budget-friendly access costs and [free registration of visit plants](#)

Conference Agenda

Conference Agenda | 03 March to 05 March, 2024

03 March, 2024	
Registration, Business Networking & Exhibition	
13:00-18:00	Registration, Business Networking & Exhibition
18:00-21:30	Welcome Banquet
04 March, 2024	
08:30-08:50	Opening Ceremony --Speech by Managing Director of China Ferro-alloys.com --Speech by Representative of Invited Guests
08:50-09:50	Global Macroeconomic Situation and Critical Minerals Supply Chain Battleground Trend -- Yongzhong Wang, Director and Senior Fellow at Department of International Commodity, Institute of World Economics and Politics (IWEP) and National Institute for Global Strategies (NIGS), Chinese Academy of Social Sciences (CASS)
09:50-10:00	Take Photos
10:00-10:30	Development Trends and Challenges of China's Steel Industry -- Yong Wu, Director of Raw Materials Division of Market Research Department, China Iron & Steel Association
10:30-11:00	Status and Development Trend of Ferroalloy Industry in China --Wanli Shi, Secretary General of China Ferroalloy Industry Association
11:00-11:10	Tea Break
11:10-11:40	Global Pattern of Manganese Ores and Manganese Alloy -- Yawei Tian, Senior Market Analyst of Ferro-Alloys.com
11:40-12:10	Chrome Market and Indian Ferrochrome Role to China -- Vijay Singh, Director & Country Head of Balasore Alloys India
12:10-14:00	Buffet Lunch
14:00-14:30	What is the future of silicon? -- Mingfei Kang, Senior Market Analyst of Ferro-Alloys.com
14:30-15:00	Current Situation and Future Development Trend of Vanadium Industry in China -- Wuhan Liu, Deputy Secretary General, China Iron and Steel Association Vanadium Industry Branch

15:00-15:30	Review and Future Prospect of China Molybdenum Market in 2023 -- Xiangbo Kang, Secretary General, China Nonferrous Metals Industry Association Molybdenum Branch
15:30-15:40	Tea Break
15:40-16:10	Management of Production Standards for Molybdenum and Copper Mines -- Michèle Brühlhart, Executive President, Copper Mark
16:10-16:40	The Development of Low Vanadium Alloy in 2024 --Tang Xiaozhong, Expert of Ferroalloys Industry
16:40-17:10	Speech by Representatives of Sponsoring Companies (to be invited)
17:10-17:30	Q & A Session
18:00-20:00	Buffet Dinner
05 March, 2024	
Plant Visit (participants that do not visit will arrange by themselves)	
09:00-15:30	Plant Visit: CITIC Jinzhou Metal, Liaoning Hongtuo New Material Technology, CITIC Titanium Industry Co., Ltd.
15:30	Closure of the conference
